capacity

Part of Baheti Group — since 2001

Rajendra K. Baheti founded the group in 2001 as Sneha Overseas, trading woven and non-woven fabrics. It has grown into one of India's largest and fastest-growing PP woven packaging groups, operating under the Sneha and Baheti brands across North, West and South India.

Sneha Polyfab, incorporated in 2009, is the group's flagship company. It built the Sneha brand into a pan-India network known for quality fabrics at competitive prices.

26

years in woven
packaging

Our growth story

From a single office in Delhi to a network across India, with our own manufacturing.

10 business units across India

Leadership

Rajendra K. Baheti

Chairman & Managing Director

26 years in polymers and woven fabrics. Founded the group in 2001 and leads its strategy and expansion.

Meghraj Baheti

Director

Commerce graduate with 16+ years in textiles. Knows Bhilwara's industry well and championed the plant there.

Narayan Baheti

Director • MBA, SP Jain & NMIMS Mumbai

Building a strong operational backbone: a technology-enabled enterprise with a modern corporate culture. Leads global market expansion and digital marketing to drive sustained growth.

Stakeholders' satisfaction is our main product; making money is a by-product.

— Rajendra K. Baheti

Our team & core strength

Mohit Baheti

Polymer Sales Director

6+ years in PP woven fabrics. Leads nationwide polymer sales and raw-material distribution across key industrial hubs.

Pankaj Baheti

Regional Chief Marketing Officer

Directs regional marketing, sales and business development, building high-value B2B partnerships and brand visibility across industrial belts.

Pawan Pareek

National Marketing Head

8+ years in PP woven fabric marketing. Leads a nationwide field sales team of 10+, driving revenue growth and key-account wins.

Gaurav Baheti

Operations Lead, Ahmedabad & Morbi

Oversees production at both plants, ensuring smooth supply chains, zero-compromise quality and alignment with group standards.

Gajanand Baheti

Chief Operating Officer

Runs plant administration, production scheduling and workflows, applying lean manufacturing and strict quality assurance to boost yield.

Punyavrat Sharma

Chief Financial Officer

Leads financial governance across all group entities: capital allocation, risk, budgeting and long-term investment planning.

Akash Baheti

Finance & Purchase Officer

Handles daily accounting, audits and procurement, coordinating vendor balances, capital workflows and purchase-order tracking.

Rahul Rathi

Chief Procurement Officer

Directs group-wide sourcing and supplier relationships, negotiating high-volume contracts for cost-effective, high-quality inputs.

WHAT DRIVES US

Vision, mission & our PQRS promise

OUR VISION

To deliver quality products at competitive rates, on time, and become a global leader in packaging.

OUR MISSION

To drive economic growth by creating jobs and improving well-being through sustainable, green initiatives, while growing our leadership in packaging worldwide.

OUR PQRS PROMISE: FOUR ESSENTIALS IN EVERY ORDER

P

Price

Q

Quality

R

Real-time
delivery

S

Service

From granule to finished bag, all under one roof

End-to-end integration. Every stage, from design and manufacturing to quality testing and delivery, is in our own hands. That means consistent quality, competitive pricing and on-time delivery.

Our infrastructure

A 3 lakh+ sq ft facility with dedicated areas for manufacturing, quality control and logistics, equipped with industry-leading machinery.

80,000
bags produced per day

TRUSTED AT SCALE

20+

Suguna Foods feed plants supplied across India

The group supplies BOPP and flexo bags for broiler, layer and cattle feed to Suguna Foods, one of India's largest poultry-feed makers.

Also: agriculture, geotextiles, flood control, mining, chemicals, construction and recycling.

Why Sneha Polyfab?

26 years of expertise

Industry veterans with deep know-how in woven-packaging manufacturing.

Strict quality control

Testing at every stage for strength, durability and performance.

Bulk-order capacity

High-capacity lines handle large orders smoothly and on time.

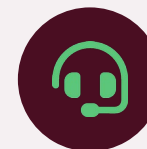

Competitive pricing

Efficient, integrated operations keep premium quality affordable.

End-to-end logistics

A well-run supply chain for on-time delivery in India and abroad.

24/7 customer support

Help around the clock, so queries are resolved quickly.

Growing responsibly

GREEN INITIATIVES

Resource-efficient, cleaner production

We use materials, energy and water carefully and keep waste and emissions low.

Renewable energy

A solar plant or windmill is planned to cut energy use from the grid.

In-house recycling

A recycling plant is planned to reprocess waste from our production.
