

Director's Message

RAJENDRA KUMAR BAEHTI

Chairman & Managing Director

It is with this belief that I started Baheti Polyfab Private Limited in 2009, a company that was in the business of PP Woven fabrics and became a prominent name in its business segment, but like every entrepreneur sticks to their dream, I always wanted to push my company to more prosperous milestones. More than being an Indian player, I always perceived my company as a unit that could make a difference with its quality and competitively priced products. Overcoming challenge after challenge with the support of my brilliant team, I have been successful in bringing Baheti to a new milestone of global recognition

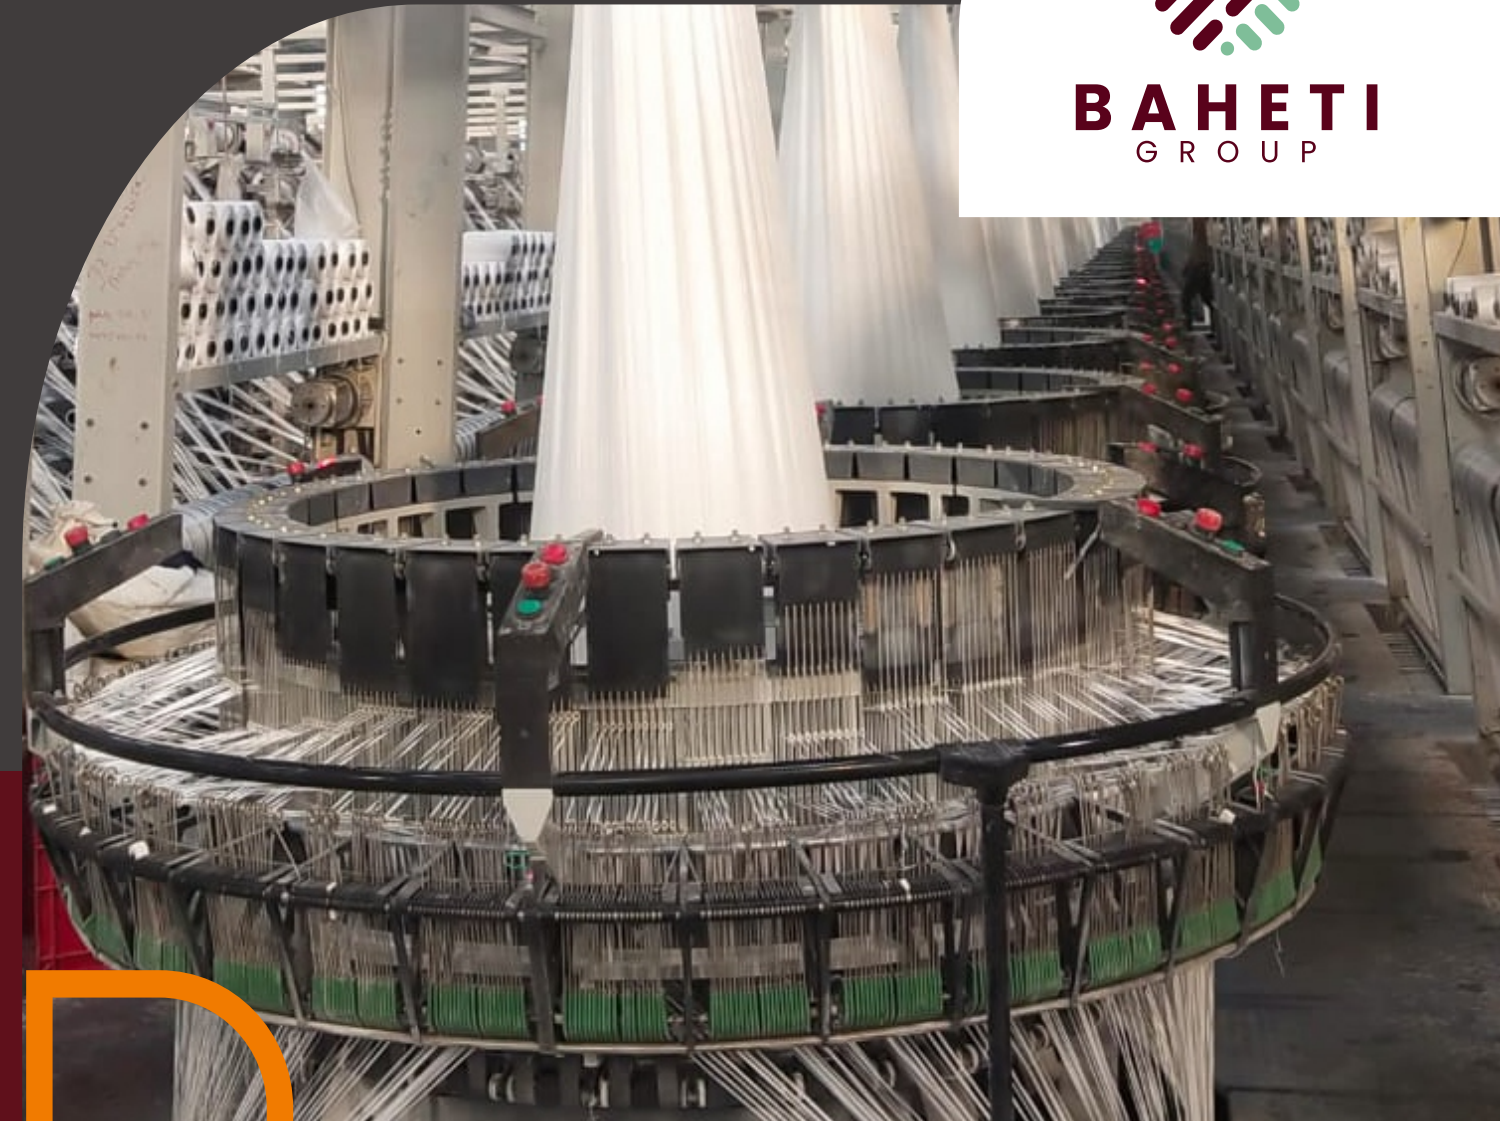

The difference between **who you are** and **who you want to be** is **what you do**.
